INDIANA HOGS ARE THE TOP-NOTCHERS

Better Quality and Fed in Right Manner, is Reason Why Indianapolis Market is Highest

GOES AHEAD OF CHICAGO

Buffalo Market Usually Tops List Because They Are Closer to Eastern Plants of Absorption

By R. WEBB SPARKS
(Written for United Press)

Indianapolis, March 1—Why do Indiana hogs bring from 25 to 50 cents more at the Indianapolis livestock exchange than hogs of similar grades on the Chicago exchange is a question frequently asked by the novice who visits the Indianapolis yards after scanning the bulletin boards for Chicago quotations.

There is no doubt in the fact that Indiana-fed hogs bring a premium at the market. The psychology which underlies the higher prices is not discernable on the surface but the seasoned trader will curl his upper lip and cast his eye over a drove of hogs and tell within a short time if any western or southern-fed hogs are being offered on the block.

A few days ago a drove of southern hogs arrived at the yard for shipment. Even an amateur could note the difference in their appearance but only a trained buyer could explain why they brought from 50 cents to \$1 less on the hundred than their Indiana kin in the next pen. The hogs were bred in Missouri, fed there for a short time and then shipped into Illinois for fattening in the hope that Illinois feeding could overcome the shortcoming of the place of their birth. But the traders knew that when they were butchered, the lard would not harden and would have retained its oily form.

Such hogs are "grazers" left to forage about the fields for whatever they can find to sustain them. They are commonly termed "peanut-crackers" because they are often fed peanut shells and bark from trees.

It is commonly thought that the Chicago exchange governs the prices in Indianapolis and it does to a certain extent, but the markets of east Buffalo and Pittsburg have a very wide effect of establishing prices.

These markets always are higher than the Indianapolis market, not so much because of quality of hogs, but because they are nearer the eastern plants of absorption. The difference in the cost of shipping meat, either on foot or butchered, to New York City and other large seaboard points accounts for the higher prices there in a large degree.

Indianapolis does not enjoy the larger patronage it once did, because it has become a "choy," market. The exclusion of cheaper grades—or rather the discouragement offered by packers to shipping of cheaper grades here—has established a reputation for the exchange which is not surpassed, if equalled in the United States.

Indianapolis market frequently acts independently of all other markets as hogs prices here have often been known to run counter to prices on other exchanges, due to the location here of several supplies for their existence.

Test Questions for Car Buyers

Before you buy any car get the answers to these questions:

Has it been tried out, and developed, and improved, over a period of years?

Do people generally speak highly of it?

Is its re-sale value low—or high?

We believe that the answers to these questions will safeguard your pocketbook, and lead you straight to the Hupmobile.

We will be glad to help you answer these questions. Telephone for a demonstration now, at once.

SHOT TO DEATH BY A JEALOUS WOMAN

This Is Theory Of Policy In Regard To Murder Of Fredrick Schneider Reputed Millionaire

PLANNED TO RETURN TO WIFE

New York, March 1.—Fredrick Schneider, reputed millionaire contractor, was shot to death by a jealous woman when the latter learned he intended to effect a reconciliation with his wife from whom he had separated, police declared today.

Authorities said they based their deductions on information from Schneider's associates who said he told them he planned such action and that his life had been threatened.

Schneider recently had increased his income considerably through big contracting jobs and had political and social aspirations, but was handicapped in the latter by his mode of living and love affairs, these associates whose names police refused to reveal, said.

The story of Mrs. Anna Buzzi, the slain man's "housekeeper," known to neighbors as "Mrs. Schneider" was again gone over by police today. Held in \$25,000 bail as a material witness, she continued to hysterically deny she had any knowledge of the shooting of Schneider in his auto on the Sea View avenue road Monday night. Weak and nervous she retained counsel and refused to be questioned further by detectives. A petition of habeas corpus for release, filed by her attorneys, is to be decided today.

DO YOU GET UP NIGHTS ON ACCOUNT OF BLADDER?

This Symptom Tells You Something Is Wrong. A Dayton Man's Experience.

Mr. John Lumpkins, 7 Carrie St., Dayton, Ohio, says in his own home paper, the Dayton Herald: "For two years I have had to get up fifteen to twenty times each night. The bleeding and pain was awful. After taking a few doses of Lithiated Buchu (Keller formula), the gravel came, until at least twenty-five pieces have passed. Some were as large as a bean. I am glad to have this way of telling my fellow sufferers about this great remedy."

Lithiated Buchu (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out and helps to relieve the bladder of abnormal deposits. The tablets cost 2c each. This price makes it possible to place in the highway department making a total of \$6,000,000. The total was reduced to about \$4,000,000, half of counties.

Duffey said the highway commission is non-partisan and fully qualified to handle the funds better than any other agency. He said the democrats favor the body because of the work of Earl Crawford, a democratic member.

"Because of its non-partisan policy, a surplus of sentiment has been created in the democratic and republican ranks alike favoring the highway measures," Duffey said in an interview.

RETURN TO THE LORD:—Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and He will have mercy upon him; and to God, for he will abundantly pardon.—Isaiah 55: 7.

Imports and Exports

An increase of \$97,000,000 in imports in October, 1922, over Oct. 1921, has let loose another bombshell in the camp of those opposed to the protective tariff policy. During the period September 22, 1922, the date of the passage of the new tariff law, to October 31, (40 days) our imports totaled \$345,082,000. Of these imports about \$60,000,000 came in the nine days in September, leaving \$285,000,000 for October alone, compared with \$188,000,000 for October, 1921, under the old law.

The opponents of the present law repeatedly declared that it would cut off imports so drastically that exports would be seriously curtailed as a consequence. Figures on exports, show that we sold abroad during the first four months under the new tariff laws \$1,434,000,000 worth of domestic products, compared with \$1,212,000,000 for the similar period of 1920-22. This is an increase of nearly 20 percent. If we estimate exports for the current month at \$360,000,000, the total for the five months will be \$1,794,000,000 compared with \$1,458,000,000 for the

period October 1, 1921, to February 28, 1922, or an increase of 23 percent. The entire situation is one which utterly confounds the prophets of evil who flourished last fall and, indeed, it greatly surprises the friends of the new law, who were confident of its ability to improve conditions but who had no idea it would show such a pronounced success in so short a time.

Europe in particular, we were assured, would be closed out of the domestic market by the high rates of the present law. But no such thing has happened to Europe or to any other grand division.

What Have You Done?

Sometimes we hear some thoughtless person make a disparaging remark about his home town—and it hurts.

This may not be the best town in the United States, but it is a certainty that there are hundreds of thousands not as good in proportion to population and natural advantages.

When you hear a person kicking his home town, ask him a few pertinent questions.

Ask him why it is not to his liking.

Ask him what he has done to correct the defects of which he complains.

Ask him if he has ever done anything to mae this a better town.

Ask him why he continues to live and earn his money here.

Ask him to think it over and see if he is not mistaken in his judgment.

You may convert a pessimist into an optimist.

Possibilities of Radio

The radio is rapidly becoming a greatfad.

This new invention is really worth while. In time it will become as great a necessity as the automobile is today.

The farmer on his isolated acres can sit in his easy chair and listen to the stock reports, receiving warning of weather changes, learn just what his produce is worth that day, and wind up by listening to a high grade concert.

If he is tired on Sunday morning, he can take life easy and listen to a sermon by some noted divine a thousand miles away.

And when the family jar becomes too lively he can turn on the radio and drown it out.

There are wonderful possibilities in that invention.

BE PRETTY! TURN
GRAY HAIR DARKTRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA
AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. —Advertisement

One of the few defeats suffered this season by the Rushville high school basketball team was the contest which slipped through the field goals in their game at Richmond last night with the high school team of that city by a score of 32 to 19. The locals were handicapped in the field last night as it had eight large posts in it. The Rushville line-up was Bunkert, left forward; Hiner, right forward; Williams, center; Dennis, left guard; Sparks, right guard; L. Mauzy, substitute. Referee, H. Mauzy.

WAR IN THE NEUTRAL ZONE

Fighting Between Lithuanians And
Poles Breaks Out Anew

Warsaw, March 1—War has again broken out between Lithuanians and Poles in the neutral zone near Vilna. Reports reaching here today said the Lithuanians re-opened hostilities and launched unsuccessful attacks against Polish positions at Prezaj and Swieciyan. The exact number of casualties is not known.

Hostilities has been suspended, pending arbitration of a long dispute over neutral territory which the two countries are dividing. The Lithuanians have refused to agree to limitations set by the league of nations. The poles accuse Russia of backing the Lithuanians.

Friday and Saturday

RECORD ATTENDANCE LIKELY

Connersville Draws Bulk of Tickets
on Account of Rule of One Tick-
et for Each Pupil

The stage was all set today for the sectional basketball tourney, which will get under way here Friday afternoon at one o'clock, with 14 teams from Rush and Fayette county participating in the annual basketball derby. The sectional here is one of 48 in the state, in which 596 high school teams are entered.

The schedule of games on Friday is as follows:

1:00 p. m. Arlington vs Raleigh.

2:00 p. m. Center vs Connerville.

3:00 p. m. Bentonville vs New Salem.

4:00 p. m. Carthage vs Manilla.

5:00 p. m. Milroy vs Webb.

7:30 p. m. Rushville vs Everton.

8:30 p. m. Alquina vs Orange.

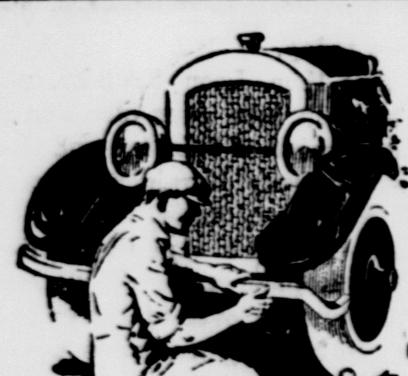

Tickets for the tourney have been sent to all schools having teams entered, and each school was given one ticket for each scholar, in the high school Connerville drew the bulk of tickets, with 500.

Each team will be well represented at the tourney and because of the two counties being here, it is expected that a record attendance will be checked up. Rushville people are able to secure tickets at Caron's Candy Kitchen, until the supply is exhausted, and then they may be bought at the school building when the tourney opens, provided that some of the schools turn back unsold ones.

Two officials have been drawn for the tourney, and they are Fred Bills of northern Rush county and Gilbert Best of Franklin. Bills will have the first game, and Best the next, and each will alternate. Both officials will have charge of the final game.

The people of Rushville responded excellently to the appeal sent out for rooms to accommodate the teams and fans who will remain over night. Meals for the teams, officials and a few fans will be served in the basement of the Christian church.

There will be no school at the Graham high school building or in the grades at the Graham Annex building Friday. Pupils at the Jackson and Havens buildings, however, will go to school Friday morning, but will be dismissed Friday afternoon so that they may attend the tourney if they desire to go. The Graham Annex rooms will be closed all day Friday on account of preparations that will have to be made for the tourney Friday morning.

BASKETBALL SECTIONAL STARTING FRIDAY

Hittin' 'Em & Missin' 'Em

Hittin' 'em welcomes the tourney visitors. Make yourself at home, have a good time, and tell your team to play their best. Rushville people especially should be good entertainers, and show the visitors a good time. Every team that enters can't win the tourney—only one team can do that, and Hittin' 'em hopes that it is the best team, which comes out victor. Regardless of the luck or misfortune which is found to overtake some of the teams, it is the real victor that can stand defeat. If your team don't win this tourney, there is always consolation in the fact that there will be a tourney next year. Go to it, win or lose, be real sports, laugh at defeat, and if you win, don't rub it in.

Hittin' 'em bet a ten cent cigar with a fellow that he couldn't pick the tourney winner. The fellow picked Alquina. Guess we won't smoke Sunday.

The doors open Friday at 12:30. The first game begins at one o'clock. Five games in the afternoon two at night, which will complete the first round, and reduce the list to seven teams for the games Saturday.

SOMETHING TO EAT, ALSO

Seniors will serve light lunches at the tourney—pie, cake, sandwiches and the like—so that anyone can remain between sessions without going home.

IN YEARS GONE BY

In years gone by, for this period of the basketball season, Rushville took part in many games, as evidenced by the following table:

Feb. 28, 1908—Richmond 32; Rushville 19.

1909—No game.

March 1, 1910—Rushville 28; Connerville 20.

March 3, 1911—Rushville 15; Madison 10.

1912—No game.

Feb. 28, 1913—Rushville 22; Milroy 21.

Feb. 27, 1914—Milroy 26; Rushville 22.

Feb. 26, 1915—Shelbyville 49; Rushville 17.

March 3, 1916—Richmond 35; Rushville 25.

March 2, 1917—Rushville 23; Franklin 19.

March 1, 1918—Richmond 41; Rushville 22.

March 1, 1919—Shelbyville 21; Rushville 17.

February 28 1920—Milroy 20; Rushville 9.

February 25, 1921—Rushville 30; Richmond 20.

March 4, 1922—Rushville 29; Milroy 13.

GANGWAY, HERE COMES A
FAST HORSE

A postcard from Washington township says: "Raleigh is the dark horse in the tournament. Get a heavy blanket for 'em, and widen out the stalls. After they get through with Arlington, they will spring a surprise on Connerville. Then the rest will fall easily."

How many players will there be in the tourney that will have long overflowing locks of hair dangling in their eyes. If we were coach of 'em, we'd turn barber for about fifteen minutes.

Queer Things in Fight Game

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 1.—On the same theory that a thing should not be called red because it looks red and because of the established unreliability of circumstantial evidence, it might be said that the New York boxing commission has nothing against Jack Dempsey.

The commission has not suspended, censured or gone officially on record as having it in for Dempsey, but the fact remains that the heavy weight champion cannot work in New York.

Reasons comical and ridiculous were given by the commission for taking a stand against any bout in which Harry Wills, Jess Willard, Tom Gibbons, Battling Siki, Harry Greb or Bill Brennan would appear against Dempsey.

Georges Carpenter and Joe Beckett were not placed on the official embargo list, but when their names begin to be mentioned, the commission could rule that they are too top heavy.

The commission went so far as to let Jess Willard step over the barriers that they had erected in front of him, it is hard to see any reason for refusing the champion of the class to do a little fighting.

Another act of injustice is the persistence of the commission in refusing to lift the suspension of Johnny Wilson, the heavyweight champion. If the commission cannot see him as a worthy title holder, perhaps the best thing to do would be to let him fight and let someone whip him. He can't beat anyone if he is as poor as everyone thinks he is.

Battling Siki got a nine months

suspension for doing more than Jack Johnson did when he was forced to flee from the United States. After three months, the French Boxing Federation lifted his suspension.

Johnny Wilson has done nothing but evade some of the contenders for the title and if that is an offense deserving suspension, no champion would be working but Dempsey.

New York has seen many slick moves pulled off in ring circles, but the bell ringer came off when Floyd Johnson was eased out of his match with Tommy Gibbons. When the young Iowa heavy was matched with Gibbons, everyone in New York told his manager what a mistake had been made and when his manager saw the light, he slipped him out of it.

It was put up to Gibbons that Willard would draw more with Johnson in an outdoor fight than Gibbons would and, as it was a "charity thing," Gibbons couldn't say a thing.

It would make an interesting story to tell why Gibbons and Willard, which would have been a fifty per cent better card, was not chosen.

Johnson promised to meet Gibbons thirty days after he beats Willard (if he does beat him) but it's a two to one shot that Gibbons will never be able to reach Johnson's crowd with a flock of messenger boys if Johnson does beat Willard.

Ever since Tommy Gibbons began to loom up as a prominent contender for the heavyweight title, a campaign has been waged among a certain element to discredit him.

It has been noised around that he wasn't game against a good man, that he was a schemer and that he was a set-up eater.

After missing the opportunity to show what Floyd Johnson really is

that his defamers claim is a high class man, Gibbons had a rookie, Jack McAuliffe, shoved on him.

The crowd back of Johnson is starting stories that McAuliffe is a wonder, but if Gibbons knocks him out they come back with a sneer and a—"Another one."

FRAUD SEEN IN

SALE OF PACER

Continued from Page One into actual possession of the animal.

On the other hand, Mr. Johnson gave Bronson a bill of sale when the check was presented, and it is believed that Johnson and Price may have intended to make an effort to sell the horse to some one who had seen him perform, on the strength of the bill of sale which Bronson has in his possession.

It is also believed that Bronson and Price may have figured that they could get the \$500 commission before Mr. Johnson discovered that the check was worthless.

Bronson represented himself as being an owner of running horses. He said that he had decided to add some pacers to his stable and that as he had seen Billy J. Kay perform, he believed the horse would become the fastest pacer in the world. He even said that the horse would be turned over to Harry Stoks for training and racing.

Income Tax Facts

NO. 24.

Charitable contributions and allowable deduction, constitute a considerable item in the income-tax returns of many taxpayers. In computing net income a taxpayer may deduct from gross income contributions or gifts made during the taxable year for exclusively public purposes to the United States, and State or territory, and political subdivision thereof (city, town, county, or hamlet), or the District of Columbia. Other allowable contributions are those made to any corporation or community chest, fund, or foundation operated and organized exclusively for religious, charitable scientific, literary, or educational purposes, including posts of the American Legion or women's auxiliary units of such posts, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private stockholder or individual; also to the special fund for vocational rehabilitation. Such contributions are allowed to an extent not in excess of 15 per cent of the taxpayer's net income, computed without the benefit of this deduction.

Gifts made directly to an individual are not deductible, but if made to an organization of the kind described may be deducted even though the organization distributes its funds among individual beneficiaries.

Deductions for contributions for political campaign purposes are expressly prohibited by Treasury regulations. In order to be allowable contributions must be deducted for the year in which actually made, the year in which actually contributions should not be considered by the taxpayer.

TOP Coats of tan or gray, softly overplaided impart just the needed pinch of swagger to one's wardrobe.

SCORES of pretty new sweaters have just left their paper wrappings—of silk \$3.50 upwards, of light weight wool \$2.50 upwards.

We want to emphasize over and over that this is the store for all the people—a store that makes its first requirement—QUALITY—and then assembles all kinds of goods of real merit at prices within the reach of all.

INVASION WEIGHS LIGHTLY ON PEOPLE

Continued from Page One to post copies of the German general staff's orders imposed upon the occupied regions in the World war and let the inhabitants themselves make the comparison.

Coal Barrier Lifted

Essen, March 1.—The French and Belgians today lifted a little the barrier around the Ruhr and permitted coal from the occupied areas to be sent to Germany.

Exporters who take advantage of the new order of things must pay forty per cent duty to the French, however. This is explained as in keeping with Premier Poincaré's declaration that France seized the Ruhr to collect reparations.

America's Bill \$225,000,000

Paris, March 1.—America's bill for the watch on the Rhine was presented today and negotiations to consider re-imbursement opened at the Quai D'Orsay. The United States expenses were \$225,000,000.

Inasmuch as it is impossible at the present time to collect that much from Germany, who is to pay the bill for the occupation of the Rhine, it is understood that dyes and chemicals will be offered in payment.

The representatives of Britain, France, Italy and the United States, Bradbury, Tannery, Raggi, and Wadsworth respectively, were to start discussions at the Quai D'Orsay this afternoon.

Death Penalty For Sabotage

Coblenz, March 1.—Death is to be the penalty for persons found guilty of sabotage in the occupied areas that result in mortal accidents.

It is also understood that the bill for the occupation of the Rhine, it is understood that dyes and chemicals will be offered in payment.

Bronson represented himself as being an owner of running horses. He said that he had decided to add some pacers to his stable and that as he had seen Billy J. Kay perform, he believed the horse would become the fastest pacer in the world. He even said that the horse would be turned over to Harry Stoks for training and racing.

HOW TROUBLE ENDED IS TOLD BY SAM'L MANTER

Declares Tanlac Fully Restored
Wife When So Run Down From
Indigestion, Heartburn, Dizziness
and Headaches She Almost Despaired

"I can't begin to tell how glad I am to see my wife going about her tasks with the energy of a school girl, feeling and looking like a different person. Tanlac did it every bit and I'll never cease praising it."

This is the grateful statement of Samuel Manter, R. F. D. 1, Hammond, Ind., popular engineer at Hammond Industrial High school.

"My wife suffered terribly from indigestion, had no appetite and be-

came so weak and run-down she would be all tired out even before she had gotten the children off to school. Heartburn, gas, bloating, constipation, terrific headaches and dizzy spells made the burden of her misery seem more than she could carry.

"Her first bottle of Tanlac started her improving and now she hasn't an ill to complain of. We think so much of Tanlac we will never be without it."

Tanlac is for sale by all good druggists.

Over 35-million bottles sold.

Mother To-Be!

Do You Realize this Fact?

A eminent physician has shown why there is so much useless suffering on the part of many expectant mothers, for months before baby comes, as well as when baby actually arrives. This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:

Miss Ida Milton, 108 N. Tremont St., Kansas, Ill., says: "I am forced to say something in regard to your wonderful 'Mother's Friend.' Just one application gave me such relief I could hardly realize I was in pregnancy. Before I used it I was suffering with pains all over, and today, I am able to do my house-work with all ease and without pain."

"Mother's Friend" is applied externally, and enables the muscles, nerves and tissues to relax and readjust themselves with the growing changes during pregnancy, and at child-birth. It should be used for some time before baby comes—the sooner the better.

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much useless suffering. Mother, you must avoid mere greases and useless substitutes. Begin using "Mother's Friend" today. It is sold at drug stores everywhere.

THE HOME GARDEN

What is Home without a Garden?

BRING YOUR GARDEN UP-TO-DATE

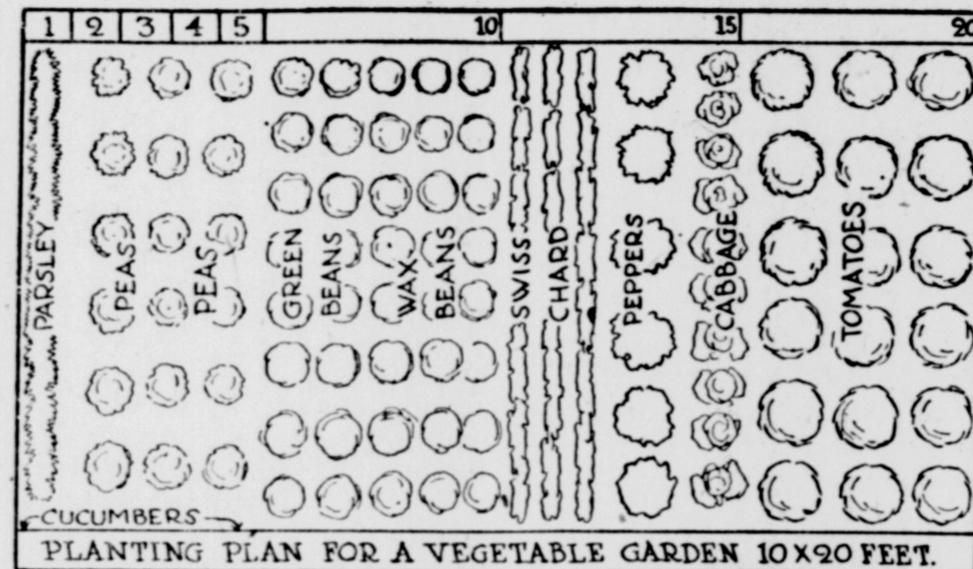

Gardeners who plant the same varieties year in and year out do not secure the full value of their efforts. In no direction has there been a greater advance during the last decade than in plant breeding, and some of the newer varieties are vastly better both in quality and quantity of production per plant than older ones.

Seedmen no longer indulge in exaggeration as to the merits of novelties. New varieties are now offered only after they have been well proved by themselves or by some grower they know to be reliable.

Under these conditions, a gardener may be reasonably sure that a highly recommended novelty has real merit. The newer varieties of beans, peas, tomatoes and cabbages are improvements on the varieties of a generation ago, and a gardener should not hesitate to try some of the differences from older sorts.

New races of English peas have put some of the ancient standbys pretty well out of commission. In string beans America leads the world in new varieties and each year or two improved strains of the older varieties, with an occasional new sort, appear. These are always worth an experiment.

Due to stricter study of plants, the present tendency is towards the improvement of present strains rather than the miscellaneous introduction of new varieties without distinct

Shelton Memorial Day was observed at the church here with an appropriate program Sunday morning. Mrs. Paul Daubenspeck and Miss Florence Carney rendered a beautiful duet. After reading of scripture by Paul Daubenspeck and prayer by Carl Wilson, Mrs. Bert Heaton gave a brief review of the life and death of Dr. Shelton, who was a missionary to Tibet and was killed by bandits, February 17, 1922. Mrs. Charles Carney gave a few outstanding features of Dr. Shelton's missionary career as summarized by J. C. Ogden, who is also a missionary to Tibet and worked with Dr. Shelton. Miss Blanch Armstrong gave a short talk in which she made a touching appeal for the offering which was taken while Miss Goulda Wier played Dr. Shelton's favorite hymn "In the Sweet By and By" on the piano. There were no preaching services.

The Rev. G. W. Bullock, who preached two weeks ago, will fill the pulpit again next Sunday morning and evening.

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Beloit, Wis.—"My female trouble was brought on by overwork. I had worked in stores and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 93 to 110 pounds and am keeping house now. My friends all notice the change in my health. I will be glad to answer all letters that women write to me about the Vegetable Compound."—Mrs. W. G. MONSON, 1515 Park Ave., Beloit, Wis. FRAUD SEEN IN SALE OF PACER

J. B. Johnson Discovers Check for
\$5,000 Given by A. E. Bronson
of Cleveland Is Worthless

PINKERTONS TO INVESTIGATE

Billy J. Kay, Rush County Gelding,
Not Shipped Before Discovery—
Game Not Fathomed Here

Evidence of alleged fraud in connection with the purchase of Billy J. Kay, a Rush county pacer gelding belonging to J. B. Johnson of Washington township, and to A. E. Bronson of Cleveland, Ohio, is being investigated by the Pinkerton detective agency, it became known today.

After the deal, wherein Bronson gave \$5,000 for the horse, was closed, an investigation was started by the Rushville National bank when the check for \$5,000 on the Cleveland Trust company, signed by Bronson, was presented to be cashed at the local bank.

A wire to the Cleveland financial institution brought back the prompt response that Bronson had no account with that bank and that he was not known in banking circles. A letter which followed the telegram was received today and stated that a check in payment for a horse had also been issued on the Cleveland Trust company by Bronson at Bryant, Ind.

An inquiry was made by the Bryant bank when the check was presented for payment and the Cleveland Trust company by Bronson at Bryant, Ind.

An inquiry was made by the Bryant bank when the check was presented for payment and the Cleveland Trust company made the same reply as was sent to Rushville. The Rushville bank officials were notified that the whole matter had been turned over to the Pinkerton detective agency and they were advised to send the check and other evidence they had in the case to the agency so that a thorough investigation of Bronson's activities might be made.

When Bronson came to the Johnson farm last week and asked to look at the Rush county pacer, he was accompanied by a man who gave his name as Dr. M. W. Price and who represented himself as a dealer in fast horses who had interested Bronson in Billy J. Kay. It is said that he entered into an agreement with Johnson wherein he was to receive a commission of \$500 if Bronson took the horse. It is understood, however, that Price did not get the \$500 because Mr. Johnson refused to pay him before the check was cashed.

The fact that the check was no good was discovered before the horse was delivered. Preparations were made, however, to ship the pacer to Cleveland this week.

Those who have followed the steps in the transaction have not been able to fathom the game. Bronson could not hope to have the horse delivered to him, it is pointed out, before the check was cashed, so that he could have little hope of coming

WILL PREPARE FOR EASTER

Plum Creek Christian Church Meeting Sunday Afternoon

The teachers and officers of the Plum Creek Christian Church Bible school will hold a very important session Sunday afternoon in the form of workers' conference for the purpose of laying plans for the pre-Easter campaign leading up to Decision Day on Easter Sunday.

All who are planning to take part in the Easter Cantata are requested to be present for the first rehearsal Sunday afternoon. It is hoped that at least thirty or thirty-five will respond to this request.

All who will be in either of the above groups are requested to bring their dinners. Immediately following dinner the workers' conference of the Bible School will take place. Following this will be the organization of the Easter chorus.

ATTORNEYS IN AN ARGUMENT ON FEES TO MAKE SCHEDULE

Aftermath of Account Suit of Ferris Et Al. Against Brier Et Al. in Court Today

ISAAC WALLS OUT OF JAIL

Carthage Youth is Permitted to go on His Own Recognition Pending Disposition of Case

A few court matters were taken care of today in the circuit court, and this morning the attorneys were arguing on fees in the case of B. Ferris, et al., against Samuel W. Brier, et al., a complaint on an account. The case proper was heard a few days ago and no decision entered. The attorneys for the defense were attempting to secure payment for their services.

The complaint was filed in Franklin county and tried, and after a new trial had been granted, was sent to this court on a change of venue, and heard again in January. The first named defendant expired since the action was first filed, and the administrator of the estate was substituted as a defendant.

Isaac Walls, Carthage youth, who was placed in jail this week on a juvenile court charge of encouraging delinquency, has been released from jail on his own recognizance, and his case will be disposed of later.

The case of Sears, Roebuck and Company against Fletcher Ball, a complaint on an account, has been dismissed by the plaintiff. The demand was for \$227.

The case of the National Refining Company against John Spacey, a suit demanding \$50 on an account, was scheduled for trial, and the defendant failed to appear, with judgment being rendered for the plaintiff by default.

John Worthington is plaintiff in a petition filed against Samuel B. Fisher, in which a guardian is desired for the defendant. The petition sets out that the defendant is not capable of managing his affairs, and that the court should appoint someone to manage his estate.

Sheriff Hunt has returned from Jeffersonville, where he took two prisoners Wednesday. They were Fred Clevenger, Jr., and Denver Pea, who pleaded guilty to charges of larceny, and were sentenced to serve from 1 to 14 years.

USES ADHESIVE TAPE TO CLOSE GIRL'S MOUTH

Teacher in Northern Rush County School Accused of Administering Severe Punishment

AN AFFIDAVIT AGAINST HER

A charge of cruelty to a child was preferred today by Prosecutor Gates Ketchum, against a young woman school teacher of northern Rush county, and an arrest was expected to be made either late today, or Friday.

The complaint charges the school teacher with punishing a ten-year-old girl pupil in a peculiar manner, which may develop serious injuries.

Several complaints were recorded by parents in this vicinity of the school, which prompted an investigation.

According to the affidavit, the teacher used adhesive tape in plastering the girl's mouth as punishment for whispering. The plaster was left on three hours, preventing the child from drinking or using her mouth, according to the charge, and the teacher jerked the tape off with such force that a portion of the skin came off, causing an infection.

It is said that the jaw became infected to such an extent that two physicians were required, and that it was necessary to lance the infection. The child suffered intensely from the experience, according to the evidence gathered by the prosecutor.

ASSESSORS MEET TO MAKE SCHEDULE

Confer With County Assessor Today in Preparation for Assessment of Property For Taxation

TO AGREE ON TAX VALUES

Taxpayers Reminded That They May File Mortgage Exemptions Any Time Within Sixty Days

Township assessors of the county, together with their deputies, met with the county assessor, Earl F. Priest, at his office on the third floor of the court house today to make preparations for the annual assessment of property for purposes of taxation, that begins under the terms of the tax law today and continues for sixty days.

The assessors were engaged in a discussion of personal property values and preparing a schedule which will be a guide in fixing assessments. It has been the custom of the assessors for years to make a schedule to be followed during the assessment period. Although the schedule can't be followed in every case, it serves as a standard and tends to equalize assessments better than by any other method that might be followed.

The meeting of the assessors today serves to remind taxpayers who have an indebtedness upon real estate that they may file mortgage exemptions up to the amount of \$1,000. Such exemptions may be filed any time within sixty days after March 1. The real estate mortgage must be owned by the taxpayer on March 1 and the indebtedness must be on file at that time.

Affidavits may be made before any notary public. The owner of mortgaged real estate upon oath states that upon the first day of March he was the owner of the real estate described and that there is a bona fide mortgage indebtedness existing against it and that there was owing and unpaid on March 1 the sum which must be specified. The name of the mortgagor, to whom the mortgage was given, must be stated together with his address. The name of the assignee or bona fide holder of the mortgage must also be given if it has been transferred.

Prior to the enactment of the present tax law a mortgage exemption was given on \$700, but when all classes of property were listed at their true cash value the amount was raised to \$1,000. In this city the total tax rate for 1923 is \$2.37 which means that a taxpayer may save \$23.70 by filing an exemption. Hundreds of affidavits of mortgage indebtedness will be filed in the county during the next few days. Owners of real estate are permitted to exemption on only one half of their mortgage up to \$1,000, which is the maximum for any exemption.

Attention is also directed to the provision of the law which permits any former soldier or sailor who is more than seventy years old or the widow of any former soldier or sailor who is past sixty years of age and does not own property of the assessed value of \$5,00 to file an exemption for \$1,000. During the last few years many veterans of the Civil war and their widows have taken advantage of this provision.

Attention was called at the auditor's office today to the provision of the law which makes it necessary for soldiers or sailors or their widows to file their exemptions every year. Some have the impression that filing once is all that is necessary. They are also required to show their pension papers to prove their claim to the exemption.

Any soldier or sailor who is at this time in actual service of the government or any member of the state militia is exempt from poll tax.

RURAL CREDITS PASSES

Washington, March 1—A composite bill providing for additional credits to farmers was passed by the house today. Two bills on this subject have been passed by the senate and one bill must now be agreed upon by the two houses in conference. The vote for the measure was 305 to 36.

SIX SEAMEN BURN TO DEATH Trapped in Furnace Room of U. S. Destroyer Hulbert

Manila, March 1—Six members of the crew of the United States destroyer Hulbert, attached to the fleet were burned to death in the engine room of the destroyer last night.

Oil from the furnaces flared back just as the engine room crew were changing shift, trapping six men.

Those who lost their lives were: T. Cagrin, Moliopac Falls, N. Y.; W. D. Johnston, Arvada, Colo., B. A. Lyles, Union, S. C., E. Menilick, Coffeyville, Kansas; W. L. Murden, Oceana, Va., and E. L. Brown, address unknown.

INVASION WEIGHS LIGHTLY ON PEOPLE

Despite Stories Regarding "Brutality" of Occupation of Ruhr, People Are Not Concerned

ATTITUDE OF INDIFFERENCE

Troops Under Orders to Make Stay as Agreeable as Possible to Get Inhabitants' Cooperation

By WEBB MILLER

Dusseldorf, March 1—Despite a

stream of stories regarding the "brutality" of the occupation stories emitted uninterruptedly by German propaganda bureaus which invariably are found to be exaggerated a trip to the Ruhr towns quickly demonstrates that the occupation has so far weighed very lightly on the population as occupations go.

One of the remarkable features of this French venture is the carelessness of the troops with respect to the rights and liberties of the inhabitants, with which, as far as possible, they avoid interfering.

In general, the attitude of troops toward inhabitants and vice versa is one of studied haughty indifference, each ostentatiously ignoring the other.

I watched a column of French troops march through the heart of Essen at noon time, when the streets were crowded. The soldiers marched with business-like mein, looking straight ahead, paying not the slightest attention to the people on the sidewalks. On their part the Germans carefully ignored the presence of the marching column, or stare idly as they continued on their way.

Scores of Germans turned away and looked fixedly in the other direction. Children, however, swarmed about the heels of the troops as though the column were a circus parade. At each halt a laughing group would play tag in and out among the resting Poilus and scramble unafraid over the machine gun carts.

I understand the troops have flat orders to make the occupation as agreeable as possible to the people. Aside from reasons of humanity there are other reasons for this indifference.

First one of the main objects of the French and Belgians is to win the good will of the inhabitants in the hope they will co-operate and work the mines and factories. Success of the occupation largely depends upon this factor.

Second, consideration of the power of world opinion inclines the invaders to leniency.

So far, except in instances where there has been direct resistance when troops have been forced to retaliate the occupation has been carried out with less trouble than could have been foreseen.

Contrast between this occupation and that of French towns by Germans during war time is so striking that the French have urged

COOPERATIVE BILL PASSED BY HOUSE

Authorizes Associations With or Without Capital To Engage in Marketing Of Farm Products

ONLY 11 VOTES AGAINST IT

Section Providing Penalty For Causing Farmer To Break Contract With Association Opposed

(By United Press)
Indianapolis, Ind., March 1.—After an hour's debate the state house of representatives today passed the co-operative marketing bill by a vote of 74 to 11.

The measure would authorize associations to engage in cooperative marketing of farm products and supplies and provides that they may be organized with or without capital stock.

Members opposing the measure charged that it would tend to form a trust in Indiana and stifle competition.

One of the features of the measure which caused considerable opposition was the section providing a penalty to anyone who would willfully cause a farmer to break his contract to do business with a co-operative association exclusively.

Under the terms of the bill the organization would be exempt from the provisions of the state anti-trust law.

Representative Rich of Brook, grain dealer, was the chief opponent.

The marriage and divorce bill which was introduced in the house by Miss Elizabeth Rainey, only woman member, was defeated in the lower body by a vote of 40 to 36.

The bill would have revised the present marriage and divorce laws in Indiana, chiefly in requiring couples granted divorce to remain single a year before remarrying that all marriage licenses be advertised before being granted.

An attempt to permit the mayor of Indianapolis to declare a legal holiday was defeated when the house adopted a committee report recommending its indefinite postponement.

By the method of elimination, the legislature today was slowly disposing of the work before it was prepared to adjourn sine die March 5.

Many bills of major importance are still pending, including appropriations to maintain the state government, the soldier bonus and measures to finance the state highway commission. The administration county unit school bill was killed in the senate 17 to 29 with some of its former friends voting against it.

The school bill had been amended to make adoption of the county unit system optional with the various counties and otherwise changed so that its friends thought the measure "might better be dead than to go on living in its present form."

Hopes for the soldier bonus were seen in the senate following a change of front which brought out the finance committee and threw it on the floor or the senate for further consideration.

The senate had twice refused to take such action. The vote was 27 to 12, indicating that enough senators have changed their attitude toward the bonus to assure its passage. It already has passed the house and apparently will be sent to the governor for his signature or veto.

Following strong lobbying on both sides the question, both senate and house have revived bills to give increased power to the board of accounts and two bills slightly conflicting in their provisions, were scheduled for passage. The bills would empower the board to guard the public against road and school contract frauds, recently denied by the appellate court.

INDIANA HOGS ARE THE TOP-NOTCHERS

Better Quality and Fed in Right Manner, is Reason Why Indianapolis Market is Highest

GOES AHEAD OF CHICAGO

Buffalo Market Usually Tops List Because They Are Closer to Eastern Plants of Absorption

By R. WEBB SPARKS

Indianapolis, March 1.—Why do Indiana hogs bring from 25 to 50 cents more at the Indianapolis live-stock exchange than hogs of similar grades on the Chicago exchange is a question frequently asked by the novice who visits the Indianapolis yards after scanning the bulletin boards for Chicago quotations.

There is no doubt the fact that Indiana-fed hogs bring a premium at the market. The psychology which underlies the higher prices is not discernable on the surface, but the seasoned trader will curl his upper lip and cast his eye over a drove of hogs and tell within a short time if any western or southern-fed hogs are being offered on the block.

A few days ago a drove of southern hogs arrived at the yard for shipment. Even an amateur could note the difference in their appearance but only a trained buyer could explain why they brought from 50 cents to \$1 less on the hundred than their Indiana kin in the next pen. The hogs were bred in Missouri, fed there for a short time and then shipped into Illinois for fattening in the hope that Illinois feeding could overcome the shortcoming of the place of their birth. But the traders knew that when they were butchered, the lard would not harden and would have retained its oily form.

Such hogs are "grazers" left to forage about the fields for whatever they can find to sustain them. They are commonly termed "peanut-crackers" because they are often fed peanut shells and bark from trees.

It is commonly thought that the Chicago exchange governs the prices in Indianapolis and it does to a certain extent, but the markets of east Buffalo and Pittsburg have a very wide effect of establishing prices.

These markets always are higher than the Indianapolis market, not so much because of quality of hogs, but because they are nearer the eastern plants of absorption. The difference in the cost of shipping meat, either on foot or butchered, to New York City and other large seaboard points accounts for the higher prices there in a large degree.

Indianapolis does not enjoy the larger patronage it once did, because it has become a "choice" market. The exclusion of cheaper grades—or rather the discouragement offered by packers to shipping of cheaper grades here—has established a reputation for the exchange which is not surpassed, if equalled in the United States.

Indianapolis market frequently acts independently of all other markets as hogs prices here have often been known to run counter to prices on other exchanges, due to the location here of several supplies for their existence.

Crippled by Corns?

SHOT TO DEATH BY A JEALOUS WOMAN

This Is Theory Of Policy In Regard To Murder Of Fredrick Schneider Reputed Millionaire.

PLANNED TO RETURN TO WIFE

New York, March 1.—Fredrick Schneider, reputed millionaire contractor, was shot to death by a jealous woman when the latter learned he intended to effect a reconciliation with his wife from whom he had separated, police declared today.

Authorities said they based their deductions on information from Schneider's associates who said he told them he planned such action and that his life had been threatened.

Schneider recently had increased his income considerably through big contracting jobs and had political and social aspirations, but was handicapped in the latter by his mode of living and love affairs, these associates whose names police refused to reveal, said.

The story of Mrs. Anna Buzzi, the slain man's "housekeeper," known to neighbors as "Mrs. Schneider" was again gone over by police today. Held in \$25,000 bail as a material witness, she continued to hysterically deny she had any knowledge of the shooting of Schneider in his auto on the Sea View avenue road Monday night. Weak and nervous she retained counsel and refused to be questioned further by detectives. A petition of habeas corpus for release, filed by her attorneys, is to be decided today.

DO YOU GET UP NIGHTS ON ACCOUNT OF BLADDER?

This Symptom Tells You Something Is Wrong. A Dayton Man's Experience.

Mr. John Lumpkins, 7 Carrie St., Dayton, Ohio, says in his own home paper, the Dayton Herald: "For two years I had to get up fifteen to twenty times each night. The scalding and pain was awful. After taking new doses of Lithiated Buchu (Keller formula), the gravel came until at least twenty-five pieces have passed. Some were as large as a bean. I am glad to have this way of telling my fellow sufferers about this great new remedy."

Lithiated Buchu (Keller formula) acts on the kidneys and bladder like Bitters. Soaks on the body and cleanse them out and help to relieve the bladder of abnormal deposits. The tablets cost 2c each. This price makes it possible to place in the formula several expensive drugs, which are useful for relief. The formula is on the package. It is likely you have never taken anything similar. Try a few doses for backache, scalding, scanty or high colored urine and frequent daytime at night.

Be sure to get the Keller formula Lithiated Buchu at Pitman & Wilson's and drug stores everywhere, or write The Keller Laboratory, Mechanicsburg, Ohio. —Advertisement.

FATE OF PROGRAM NOW WITH SENATE

Upper House Will Determine What Shall Be Done With McCray Plans To Finance Highway Body

HOUSE CUTS FUND ONE-THIRD

"Good Roads" Luke Duffey Vigorously Defends Commission As Agency To Handle Money

Indianapolis, Ind., March 1.—Sponsors of Governor McCray's wretched program to finance the state highway department during the next two years were expecting its resurrection as the gasoline tax and auto license bills rested for action in the senate today.

The gasoline tax bill, an administration measure, has passed the house where it was introduced by Representative Oscar A. Ahlgren. It was approved 53 to 39 after it had failed once, lacking a constitutional majority of 51 votes.

The automobile license bill passed the house with several amendments. Among them was one reducing the proposed fees far below the level recommended by McCray. Another restored half the funds derived from it to the counties.

The bill was vigorously defended against attacks by "Good Roads" Luke Duffey, of Indianapolis, father of the state highway department law, who fought the incursions of what he characterized as "the mud road crowd."

The bill was intended to add approximately \$3,000,000 to receipts of the highway department making a total of \$6,000,000. The total was reduced to about \$4,000,000, half of counties.

Duffey said the highway commission is non-partisan and fully qualified to handle the funds better than any other agency. He said the democrats favor the body because of the work of Earl Crawford, a democratic member.

"Because of its non-partisan policy, a surplus of sentiment has been created in the democratic and republican ranks alike favoring the highway measures," Duffey said in an interview.

"The commission has decreased the cost of road building from \$43,000 a mile three years ago to \$26,000 a mile last year. They are arriving at a goal of maximum returns for minimum cost.

"The feeling now is that the proposed 1,600 mile state road extension will bring all parts of the state into a most dependable contract, will quicken domestic commerce, improve school attendance and improve transportation as well as increase real estate values by supplying markets for farm properties that are now isolated.

"Indiana is now building only one mile of road to five by Illinois, two by Michigan and four by Ohio. Because of her geographical location, being the pivotal traffic center of America and the main sounding board of all cross-country traffic activity, her position must be progressive and must necessarily dovetail into the plans of adjoining states.

"We are the veritable hub of the country and the \$6,500,000 now in the federal treasury for permanent road construction must be claimed by our state.

"Before the session of 1925, we will be allotted \$11,500,000 by the federal government which will require a like sum to match it and which will show a total of \$23,000,000 to be used for resurfacing.

"The state fund then must be large enough to pay for the maintenance as well as pay the government's portion for which claims can be honored after road bids are approved and the acceptance of all contracts demanding claims are received."

"The state fund then must be large enough to pay for the maintenance as well as pay the government's portion for which claims can be honored after road bids are approved and the acceptance of all contracts demanding claims are received."

Representative Frank Mondell of Wyoming, Republican floor leader of the house, whose term in congress expires with the present session, was nominated as a director of the war finance corporation succeeding Dwight Davis of Missouri.

Davis was selected to be assistant secretary of war succeeding J. Mayhew Wainwright of New York, who was recently elected to congress.

RETURN TO THE LORD:

Imports and Exports

An increase of \$97,000,000 in imports in October, 1922, over Oct. 1921, has let loose another bombshell in the camp of those opposed to the protective tariff policy. During the period September 22, 1922, the date of the passage of the new tariff law, to October 31, (40 days) our imports totaled \$345,082,000. Of these imports about \$60,000,000 came in the nine days in September, leaving \$285,000,000 for October alone, compared with \$188,000,000 for October, 1921, under the old law.

The opponents of the present law repeatedly declared that it would cut off imports so drastically that exports would be seriously curtailed as a consequence. Figures on exports, show that we sold abroad during the first four months under the new tariff laws \$1,134,000,000 worth of domestic products, compared with \$1,212,000,000 for the similar period of 1920-22. This is an increase of nearly 20 percent. If we estimate exports for the current month at \$360,000,000, the total for the five months will be \$1,794,000,000 compared with \$1,458,000,000 for the

period October 1, 1921, to February 28, 1922, or an increase of 23 percent. The entire situation is one which utterly confounds the prophets of evil who flourished last fall and, indeed, it greatly surprises the friends of the new law, who were confident of its ability to improve conditions but who had no idea it would show such a pronounced success in so short a time.

Europe in particular, we were assured, would be closed out of the domestic market by the high rates of the present law. But no such thing has happened to Europe or to any other grand division.

What Have You Done?

Sometimes we hear some thoughtless person make a disparaging remark about his home town—and it hurts.

This may not be the best town in the United States, but it is a certainty that there are hundreds of thousands not as good in proportion to population and natural advantages. When you hear a person kicking his home town, ask him a few pertinent questions.

Ask him why it is not to his liking. Ask him what he has done to correct the defects of which he complains.

Ask him if he has ever done anything to make this a better town.

Ask him why he continues to live and earn his money here.

Ask him to think it over and see if he is not mistaken in his judgment.

You may convert a pessimist into an optimist.

Possibilities of Radio

The radio is rapidly becoming a great fad.

This new invention is really worth while. In time it will become as great a necessity as the automobile is today.

The farmer on his isolated acres can sit in his easy chair and listen to the stock reports, receiving warning of weather changes, learn just what his produce is worth that day, and wind up by listening to a high grade concert.

If he is tired on Sunday morning, he can take life easy and listen to a sermon by some noted divine a thousand miles away.

And when the family jar becomes too lively he can turn on the radio and drown it out.

There are wonderful possibilities in that invention.

GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug-store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. —Advertisement

FIFTEEN YEARS
AGO TODAY

On account of February having twenty-nine days in 1908, it is necessary to run two days at this time.—Editors note.

From The Daily Republican
(Saturday February 29, 1908)

A theatre party of some twenty or thirty high school girls was the life of the big audience at the Grand theatre last night, when the curtain was rung down on the "Yankee Doodle Boy" show.

One of the few defeats suffered this season by the Rushville high school basketball team was the contest which slipped through the field goals in their game at Richmond last night with the high school team of that city by a score of 32 to 19. The locals were handicapped in the field last night as it had eight large posts in it. The Rushville line-up was: Bankert, left forward; Hiner, right forward; Williams, center; Dennis, left guard; Sparks, right guard; L. Mauzy, substitute. Referee, H. Mauzy.

Miss Hazel Wicker went to Anderson today for a visit with friends.

Prof. W. A. Stockinger left last evening for a business trip to Indianapolis and will return this evening.

Burton Conde left yesterday to accept a position with the Toledo and Chicago Interurban Railway company.

Next Monday Assessor William Gowdy and his corps of assistants will begin the work of the annual spring assessment of personal property for the purpose of taxation.

(Monday March 2, 1908)

Eddie Gantner of this city went to Tipton Sunday where he was initiated into the Knights of Columbus order. John Demmer, Roy Smith, Martin Kelly and Thomas U. S. Geraghty accompanied the Rushville candidate.

Mrs. George W. Looney, Jr., of North Main street will go to Bentonville Tuesday for a visit with relatives.

The fire department was called this afternoon to Sexton and Ninth streets where a small blaze was discovered in the home of Mrs. John Demmer. It was extinguished before little damage was done.

Tuesday and Wednesday evenings in Tomlinson Hall Indianapolis, the Roberts Park Choral society of more than one hundred voices, assisted by local soloists and a boy's and girl's chorus, and all supported by an orchestra, will present as a cantata, "Queen Esther." Mrs. Ruth Tevis Spencer, daughter of Dr. V. W. Tevis of this city, will essay the role of the Queen and sing the principal part.

WAR IN THE NEUTRAL ZONE

Fighting Between Lithuanians And Poles Breaks Out Anew

Warsaw, March 1—War has again broken out between Lithuanians and Poles in the neutral zone near Vilna.

Reports reaching here today said the Lithuanians re-opened hostilities and launched unsuccessful attacks against Polish positions at

Przelaj and Swieciany. The exact

number of casualties is not known.

Hostilities has been suspended,

pending arbitration of a long dispute

over neutral territory which the

two countries are dividing. The

Lithuanians have refused to agree

to limitations set by the league of

nations. The poles accuse Russia

of backing the Lithuanians.

RECORD ATTENDANCE LIKELY

Connersville Draws Bulk of Tickets
on Account of Rule of One Tick-
et for Each Pupil

The stage was all set today for the sectional basketball tourney, which will get under way here Friday afternoon at one o'clock, with 14 teams from Rush and Fayette county participating in the annual basketball derby. The sectional here is one of 48 in the state, in which 596 high school teams are entered.

The schedule of games on Friday is as follows:

1:00 p. m. Arlington vs Raleigh.

2:00 p. m. Center vs Connorsville.

3:00 p. m. Bentonville vs New Salem.

4:00 p. m. Carthage vs Manilla.

5:00 p. m. Milroy vs Webb.

7:30 p. m. Rushville vs Everton.

8:30 p. m. Alquina vs Orange.

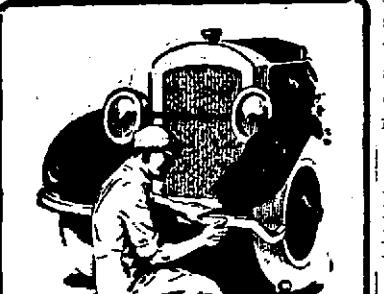

Tickets for the tourney have been sent to all schools having teams entered, and each school was given one ticket for each scholar, in the high school Connorsville drew the bulk of tickets, with 500.

Each team will be well represented at the tourney and because of the two counties being here, it is expected that a record attendance will be checked up. Rushville people are able to secure tickets at Caron's Candy Kitchen, until the supply is exhausted, and then they may be bought at the school building when the tourney opens, provided that some of the schools turn back unsold ones.

Two officials have been drawn for the tourney, and they are Fred Bills of northern Rush county and Gilbert Best of Franklin. Bills will have the first game, and Best the next, and each will alternate. Both officials will have charge of the final game.

The people of Rushville responded excellently to the appeal sent out for rooms to accommodate the teams and fans who will remain over night. Meals for the teams, officials and a few fans will be served in the basement of the Christian church.

There will be no school at the Graham high school building or in the grades at the Graham Annex building Friday. Pupils at the Jackson and Havens buildings, however, will go to school Friday morning, but will be dismissed Friday afternoon so that they may attend the tourney if they desire to go. The Graham Annex rooms will be closed all day Friday on account of preparations that will have to be made for the tourney.

BASKETBALL SECTIONAL STARTING FRIDAY

Hittin' 'Em & Missin' 'Em

Hittin' 'em welcomes the tourney visitors. Make yourself at home, have a good time, and tell your team to play their best. Rushville people especially should be good entertainers, and show the visitors a good time. Every team that enters can't win the tourney—only one team can do that, and Hittin' 'em hopes that it is the best team, which comes out victor. Regardless of the luck or misfortune which is found to overtake some of the teams, it is the real victor that can stand defeat. If your team don't win this tourney, there is always consolation in the fact that there will be a tourney next year. Go to it, win or lose, be real sports, laugh at defeat, and if you win, don't rub it in.

Hittin' 'em bet a ten cent cigar with a fellow that he couldn't pick the tourney winner. The fellow picked Alquina. Guess we won't smoke Sunday.

The doors open Friday at 12:30. The first game begins at one o'clock. Five games in the afternoon two at night, which will complete the first round, and reduce the list to seven teams for the games Saturday.

SOMETHING TO EAT, ALSO

Seniors will serve light lunches at the tourney—pie, cake, sandwiches and the like—so that anyone can remain between sessions without going home.

MAYBE THE WORM WILL TURN

A basketball fan, either from Milroy or Connorsville, communicated with Hardwood today in the Star, in which he takes exception to those fans who picked Rushville for the Big Sixteen. This fan says that Milroy and Connorsville will fight it out, basing his prediction on the fact that Rushville has been defeated this season by both Milroy and Connorsville. This is a poor year for dope, and perhaps this basketball fan will change his mind. We hope so, at any rate.

A postcard from Washington township says: "Raleigh is the dark horse in the tournament. Get a heavy blanket for 'em, and widen out the stalls. After they get through with Arlington, they will spring a surprise on Connorsville. Then the rest will fall easily."

How many players will there be in the tourney that will have long over-flowing locks of hair dangling in their eyes. If we were coach of 'em, we'd turn barber for about fifteen minutes.

Queer Things in Fight Game

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 1.—On the same theory that a thing should not be called red because it looks red and because of the established unreliability of circumstantial evidence, it might be said that the New York boxing commission has nothing

against Jack Dempsey.

The commission has not suspended, censured or gone officially on record as having it in for Dempsey,

but the fact remains that the heavy weight champion cannot work in

New York.

Reasons comical and ridiculous

were given by the commission for

taking a stand against any bout in

which Harry Wills, Jess Willard, Tom Gibbons, Battling Siki, Harry Greb or Bill Brennan would appear

against Dempsey.

The commission has not suspended, censured or gone officially on record as having it in for Dempsey,

but the fact remains that the heavy weight champion cannot work in

New York.

It was put up to Gibbons that

Willard would draw more with Johnson in an outdoor fight than Gibbons would, and, as it was a "charity thing," Gibbons couldn't say a thing.

It would make an interesting story

to tell why Gibbons and Willard,

which would have been a fifty per

cent better card, was not chosen.

Johnson promised to meet Gibbons

thirty days after he beats Willard

(if he does beat him) but it's a two

to one shot that Gibbons will never

be able to reach Johnson's crowd

with a flock of messenger boys if

Johnson does beat Willard.

Ever since Tommy Gibbons began

to loom up as a prominent contender

for the heavyweight title, a campaign

has been waged among a certain ele-

ment to discredit him.

It has been noised around that he

wasn't game against a good man

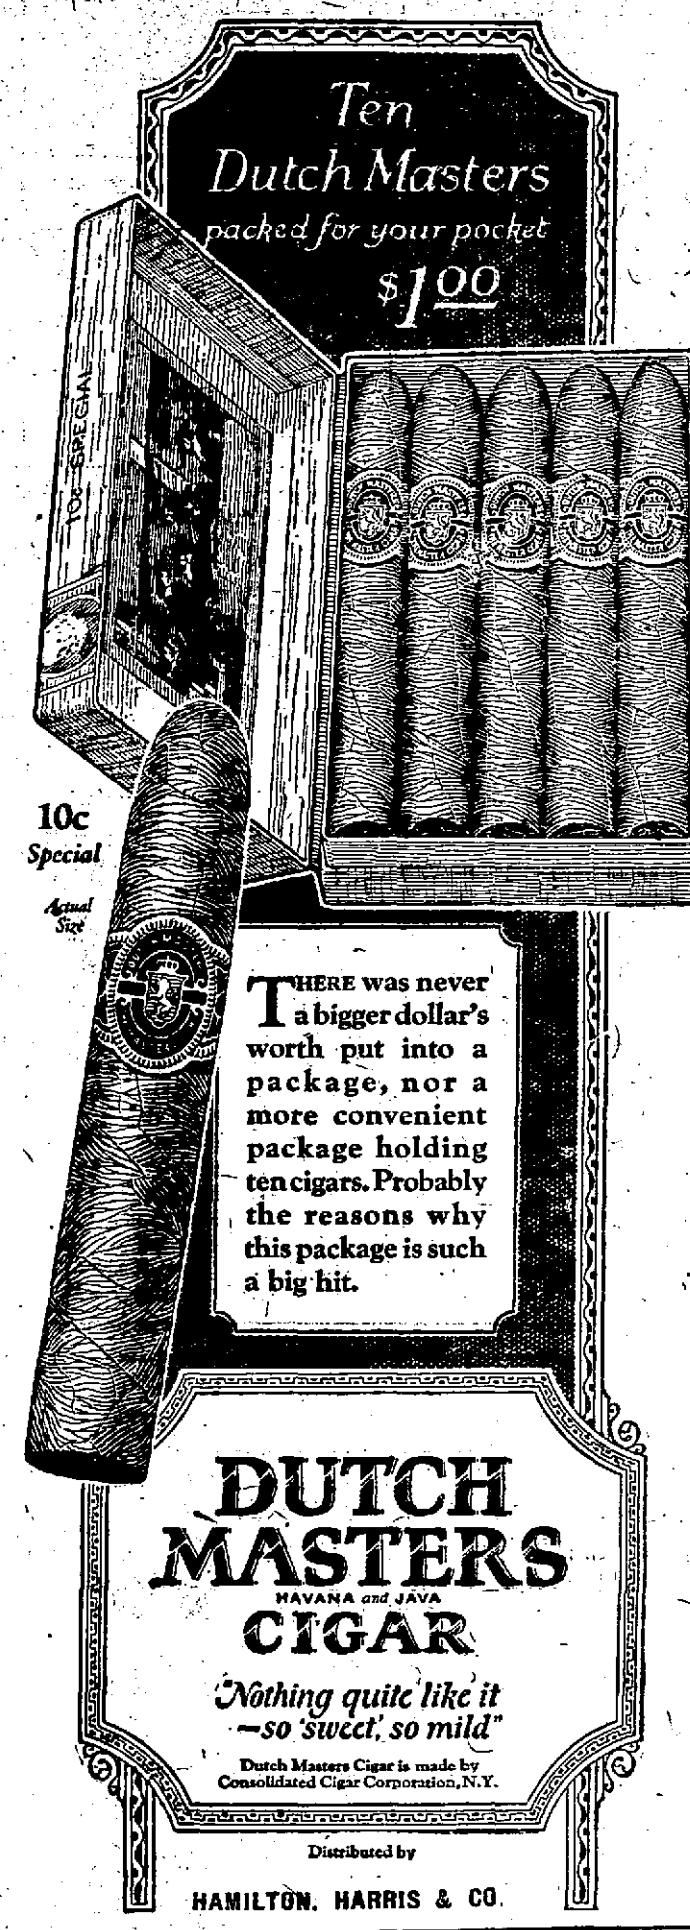

and that he was a schemer and that he

was a set-up eater.

After missing the opportunity to

show what Floyd Johnson really is

and what he could do against a man

Mahoning Council, No. 36 will meet in the Redmen's hall in West First street, Friday evening at 7:30 o'clock. All the members are requested to be present and to bring sandwiches. There will be degree work. *

Mrs. Clara Behont was hostess to the members of the Wednesday Afternoon club Wednesday afternoon at her home in East Seventh street. The ladies enjoyed a very sociable afternoon over their needle work and light refreshments were served at the close of the meeting. *

Mrs. John Spencer delightfully entertained the members of the Band of Workers of the First Presbyterian church Wednesday afternoon at her home in North Harrison street.

During the business session plans were made for the penny supper to be given by the organization Wednesday evening March 7 in the church. Other business matters were also discussed at this meeting. The hostess was assisted in the serving of refreshments by Miss Grace Spencer and Mrs. Herman Jones. *

A fair sized crowd attended the regular dinner dance at the Social club Wednesday evening. Following a delicious dinner served by the division of club women captained by Mrs. Floyd Kirklin and Mrs. Louis Manzy, the evening was enjoyed with dancing to music provided by Smith's orchestra of colored musicians from Indianapolis. Among

the several guests who were present from out of the city were Miss Bingham of Minnie, house guest of Mrs. Kirklin, Mr. and Mrs. Fred Kinger of Indianapolis, who were the guests of Mr. and Mrs. Harold Pearce, and Mr. Spann of Indianapolis.

A very interesting musical program was given at the meeting of the American Literary club held Wednesday afternoon at the home of Mrs. Scott Hosier in East Eighth street. The responses to the roll call were "Name and Origin of Famous Opera". The very interesting and instructive papers were given on the following subjects: "Paderewski" by Mrs. Trapp; and "Beethoven", Mrs. Scott Hosier. An original story was given by Mrs. Harry Armstrong, president of the club. Lovely refreshments were served at the close of the program. The next meeting of the club will be held with Mrs. Florence Abercrombie at her home in North Perkins street.

FRAUD SEEN IN SALE OF PACER

into actual possession of the animal. On the other hand, Mr. Johnson gave Bronson a bill of sale when the check was presented, and it is believed that Johnson and Price may have intended to make an effort to sell the horse to some one who had seen him perform, on the strength of the bill of sale which Bronson has in his possession.

It is also believed that Bronson and Price may have figured that they could get the \$500 commission before Mr. Johnson discovered that the check was worthless.

Bronson represented himself as being an owner of running horses. He said that he had decided to add some pacers to his stable and that as he had seen Billy J. Kay perform, he believed the horse would become the fastest pacer in the world. He even said that the horse would be turned over to Harry Stoks for training and racing.

MAUZY'S

MARCH is just another way of saying Spring. If the glad news of the new season's arrival were to be heralded from the rooftops you could hardly be more aware of it than after a visit through the store. Aisle after aisle of timely merchandise bids you make the home ready for the warmer months while hosts of captivating new clothes seem to say "Prepare, Easter will soon be here." As usual values are significant.

New Frocks For Springtime Girls

All mothers understand that in the springtime a mere slip of a miss is as sweet as her smiles if her own wardrobe has been "sweetened" with a brand new frock. This store's new display of frocks, for girls from two to fourteen is a worthy one, and it merits any mother's early consideration.

THE New Masionettes—do you

know what they are? A big shipment of these very attractive dress aprons has just been opened and they are priced \$1.50 to \$3.95.

TOP Coats of tan or gray, softly overplaided impart just the needed pinch of swagger to one's wardrobe.

We want to emphasize over and over that this is the store for all the people—a store that makes its first requirement—QUALITY—and then assembles all kinds of goods of real merit at prices within the reach of all.

Coal Barrier Lifted

Essen, March 1.—The French and Belgians today lifted a little the barrier around the Ruhr and permitted coal from the occupied areas to be sent to Germany.

Exporters who take advantage of the new order of things must pay forty per cent duty to the French, however. This is explained as in keeping with Premier Poincaré's declaration that France seized the Ruhr to collect reparations.

America's Bill \$225,000,000

Paris, March 1.—America's bill for the watch on the Rhine was presented today and negotiations to consider re-imbursement opened at the Quai D'Orsay. The United States' expenses were \$225,000,000

Inasmuch as it is impossible at the present time to collect much from Germany, who is to pay the bill for the occupation of the Rhine, it is understood that dyes and chemicals will be offered in payment.

The representatives of Britain, France, Italy and the United States, Bradbury, Tannery, Raggi, and Wadsworth respectively, were to start discussions at the Quai D'Orsay this afternoon.

Death Penalty For Sabotage

Coblenz, March 1.—Death is to be the penalty for persons found guilty of sabotage in the occupied areas that result in mortal accidents, the French and Belgians have decided.

A series of disastrous railroad accidents, in which more than forty lives have been lost, caused the decision. It is also understood that persons committing sabotage or obstructing traffic in such a way as to endanger travelers are liable to the death penalty.

Minor offenders are liable to prison terms of not less than ten years at hard labor.

SUITS BREEZE IN

On the first bright sunshiny days what would you like most be wearing as you stroll down the street? If you do not say a trig Spring Suit it is only because you haven't seen these—some with trim tailored lines and others with jacquette tendencies. Many are lined with printed silk that tangles with the bodice of the frock these jackets half way hide. \$15, \$25 and upwards.

INFANTS' wears brought "into here from out of the everywhere" is a real boon to Rush County mothers. The showing is complete—whatever babies need the Baby Shop has.

The Better To Wrap Them Up

Away with winter—it's time to slip into soft polos and the tailored mixtures and twills, and such other interesting fabrics as little girls' wraps and capes find themselves "made out." This store's display assures you that any little girl may have her own little wrap, expressive of her own personality—at a price any purse can stand.

SCORES of pretty new sweaters have just left their paper wrappings—of silk \$3.50 upwards, of light weight wool \$2.50 upwards.

We want to emphasize over and over that this is the store for all the people—a store that makes its first requirement—QUALITY—and then assembles all kinds of goods of real merit at prices within the reach of all.

SOUND BUSINESS IS NOW REVIVED

Federal Reserve Board Makes Annual Report, Stating That Revival Began Last Year

1922 SAW BIG RECOVERY

Prices And Productions Increased, The Latter More Rapidly, Giving Industry A Lift

Washington, March 1.—A sound business revival is now in progress, the federal reserve board stated today in its annual report.

Post war liquidation was definitely halted last year and the business revival at once began, the report declared.

"The period of liquidation came to an end after the middle of the last year and in the early autumn renewed demands of business and agriculture caused increased borrowings both at member banks and federal reserve banks" the report declared.

"Just as the liquidation in 1921 first affected the large cities of the east and was slow in gathering momentum in agriculture districts, so the increased borrowing of the last five months has been most marked in the eastern industrial sections," their report continued.

"The year 1922 was a year almost continuous recovery from the disorganized markets and depressed business conditions resulting from the abrupt price decline of 1920.

"Prices and productions both increased but the production of basic commodities increased a more rapid rate than the level of prices, and at the end of the year the output of industry as greater than at any time since 1920.

"While the revival of 1922 has been primarily industrial in character, there has also been a decided improvement in the agricultural situation. The farm value of most of the important crops was larger than in the previous year owing both to great yields and high prices. Prices of agricultural products are still out of line but a readjustment has been in progress during the year.

"The incompleteness of the agricultural revival is partly explained by the disorganization of European markets, since the prices of agricultural products are more dependent

dent upon export demand than prices of other classes of commodities."

The total number of banks in the United States was 30,325 on June 30, 1922. These banks had an aggregate capital and surplus of \$5,593,134,000.00 and resources of \$50,147,513,000.00

Of this number 9,892 were members of the federal reserve system. Gross earnings of the system in 1922 were \$50,490,738 compared with \$88,308,000 in 1921.

NEW REGIME WILL RULE IN RUSSIA

Capitalist System, Turning Over Powers to Trade Unions, Will be Adopted by Congress

ON LAST OF THIS MONTH

London, March 1.—Soviet Russia is going to adopt the "capitalist" system of government at the end of March when the communist congress meets, according to Helsingfors dispatches today.

At that time, Leon Trotsky, war minister, will take over direction of the department of industry and education, the Daily Herald, confirming the above report, states.

The change to a capitalist system will be complete and will necessitate the turning over of power to a group representing the trade unions and co-operative socialists.

Under the new regime, the tasks of fostering industry and education are considered the most important wherefore Trotsky will be asked to take over one or the other.

THE HOME GARDEN

What is Home without a Garden?

BRING YOUR GARDEN UP-TO-DATE

Gardeners who plant the same varieties year in and year out do not secure the full value of their efforts. In no direction has there been a greater advance during the last decade than in plant breeding, and some of the newer varieties are vastly better both in quality and quantity of production per plant than older ones.

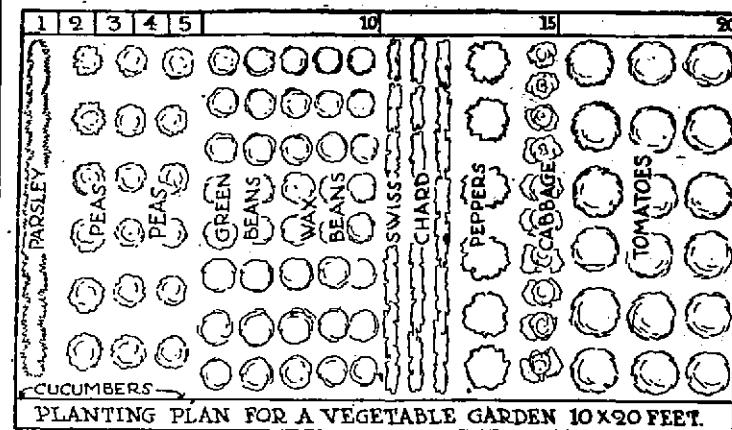

Seedmen no longer indulge in exaggeration as to the merits of novelties. New varieties are now offered only after they have been well proved by themselves or by some grower known to be reliable.

Under these conditions, a gardener may be reasonably sure that a highly recommended novelty has real merit. The newer varieties of beans, peas, tomatoes and cabbages are improvements on the varieties of a generation ago, and a gardener should not hesitate to try some of

them each year, trusting for his main crop to standard sorts he knows will flourish in his community. The success of a new variety in a given locality is always a matter of experiment. In some soils and some climates it will do much better than in others. Trial alone will tell.

New races of English peas have put some of the ancient standbys pretty well out of commission. In string beans America leads the world in new varieties and each year or two improved strains of the older varieties, with an occasional new sort, appear. These are always worth an experiment.

Due to stricter study of plants, the present tendency is towards the improvement of present strains rather than to the miscellaneous introduction of new varieties without distinct differences from older sorts.

Mr. and Mrs. Ernest Morris and family of Indianapolis were weekend guests of Mr. and Mrs. Edgar Morris.

Mr. and Mrs. James Wilson and family and Mr. and Mrs. Newt Gruell and family were the Sunday guests of Mr. and Mrs. Charles Gruell.

DeAlma Hartman and Clem Gruell were in Indianapolis Wednesday of last week.

Mrs. D. C. Brooks, who has been ill, is improving.

Mr. and Mrs. Harry Becker and family have moved to a farm near Raleigh.

Shelton Memorial Day was observed at the church here with an appropriate program Sunday morning. Mrs. Paul Daubenspeck and Miss Florence Carney rendered a beautiful duet. After reading of scripture by Paul Daubenspeck and prayer by Carl Wilson, Mrs. Bert Heaton gave a brief review of the life and death of Dr. Shelton, who was a missionary to Tibet and was killed by bandits, February 17, 1922. Mrs. Charles Carney gave a few outstanding features of Dr. Shelton's missionary career as summarized by J. C. Ogden, who is also a missionary to Tibet and worked with Dr. Shelton. Miss Blanch Armstrong gave a short talk in which she made a touching appeal for the offering which was taken while Miss Goulds Wier played Dr. Shelton's favorite hymn "In the Sweet By and By" on the piano. There were no preaching services.

The Rev. G. W. Bullock, who preached two weeks ago, will fill the pulpit again next Sunday morning and evening.
